EXPERIENCE:

Home Depot
Oct 2018 - Present

Software Engineer Apprentice – Lancaster, PA

Currently homing in on programming skills that Home Depot requires to be a Software Engineer for their company. Started out store side and was able to gain an opportunity through their Competitive Orange Method Program. Currently working with JavaScript and React with backend and front-end coding.

PASA / VMI Associate – York, PA

Managed and maintained the inventory and orders of high-end contractors. Graduated multiple accounts into the 100k status. Was able to resolve multiple delivery and product supply issues through my resources with my company.

Turkey Hill
Oct 2017 - Oct 2018

Store Manager – Lancaster, PA

Managed and maintained the entire store. Created schedules and made sure payroll and daily paperwork was completed. Did performance reviews based on the 20+ staff that my store held. Trained my staff to perform to their highest standard.

GameStop
Jan 2012 - Jan 2015

Store Manager – Philadelphia, PA

Delivered excellent customer service while developing the talent. Was able to move myself up from a Key Holder to store manager in less than a year. Worked closely with the district manager to formulate and build the store and company brand. Lead district in sales and other measured items.

Wawa Inc
Feb 2015 - July 2017

Inventory Merchandise Manager – Philadelphia, PA

Lead a group of 25+ employees. Managed stores POG's and new/current inventory. Continually monitored restaurant and took appropriate action to ensure food quality and service standards were consistently met.

McDonalds
Oct 2011 - Mar 2012

Manager – Philadelphia, PA

Conducted pre-shift and weekly departmental meetings to ensure organizational efficiency. Scheduled and directed staff in daily work assignments to maximize productivity. Continually monitored restaurant and took appropriate action to ensure food quality and service standards.
